Dear colleagues,

Upon successful completion of three Workshops - Complex Coronary Angioplasty up to Chronic Total Occlusions: Clinically Integrated Approach, held in Belgrade in 2005, 2006 and 2007 with live transmissions of almost 100 patients (including among common people even the President of the Serbian Assembly) to the audience of 300 internists/cardiologists, with an excellent success and no life threatening complications, there is no more dilemma that we have simply to continue the same way and keep organizing such an event on a yearly basis. The success of the previous workshops was complete not only in respect to the care rendered to the patients, but also in respect to education and exchange of experience. Strengthening and developing of new friendships over 3 continents resulted in the third, not less important, dimension of such a meeting. Benevolence and generosity of the most recognized interventional cardiologist to participate as operators, lecturers or commentators, even to bring and donate their PCI tools not available in our catheterization laboratories was impressive and unforgettable. Just to mention our old and new friends: Dr A. Colombo (Italy), Dr C. Di Mario (United Kingdom), Dr J. Ge (China), Dr Y. Louvard (France), Dr S. Saito (Japan), Dr W. Wijns (Belgium), Dr E. Picano (Italy), Dr A. Lafont (France), Dr V. Ambrosini (Italy), Dr M.G. Andreassi (Italy), Dr G. Bernardi (Italy), Dr N. Botto (Italy), Dr I. Daehnert (Germany), Dr B. Dahlof (Sweden), Dr B. De Bruyne (Belgium), Dr A. Doganov (Bulgaria), Dr R. Erbel (Germany), Dr L. Finci (Switzerland), Dr I. Foffa (Italy), Dr M. Hamilos (Belgium), Dr M. Haude (Germany), Dr I. Iakovou (Greece), Dr C. Ilesley (United Kingdom), Dr P. Kumar (India), Dr A. Lazarevic (BIH), Dr C. Maccia (France), Dr A. Manginas (Greece), Dr A.B. Mehta (India), Dr L. Michalis (Greece), Dr V. Mitrovic (Germany), Dr G. Nikolic (Montenegro), Dr A.G. Osiev (Russia), Dr Z. Piroth (Hungary), Dr Z. Plazonic (Croatia), Dr M. Rabinovic (Montenegro), Dr N. Reifart (Germany), Dr G. Sianos (Netherlands), Dr C. Stefanadis (Greece), Dr K. Toutouzas (Greece), Dr I. Ungi (Hungary), Dr E. Vano (Spain), Dr M. Weber (Germany), Dr D. Zhou (China) and Dr D. Zorman (Slovenia). Our distinguished Faculty counts almost forty five members, which is the greatest number in the history of the Belgrade's Workshop. We cannot but stress that most of our guest faculty members have been principal investigators of the breakthrough studies in domain of interventional cardiology. Impressed by readiness and willingness of the best interventional cardiologist to share their knowledge and experience in the developing country as Serbia is, we decided to change the name of the workshop into **BelgrAde Summit of Interventional Cardiologists: Clinically Integrated Approach with acronym BASICS plus**.

As the key feature of our workshops is clinically integrated approach, we shall continue to present and follow all the patients. By doing so, we are trying to attract and exchange ideas about patients' wellbeing with the doctors who are not interventional cardiologists, but are referring patients and are taking care of them post intervention.

With the initiative of Prof. Eugenio Picano, who is a foreign member of Serbian Academy of Sciences and Arts, we will organize two sessions that are related to radiation protection, the field that was unfortunately neglected, and that is of paramount importance for our patients and cath lab staff.

During the next **BASICS plus** the following will be organized: training courses on bifurcations, chronic total occlusions, ST elevation myocardial infarction, multivessel disease using simulators, as well as clinical seminar on coronary physiology. It is worth mentioning that for some of these complex lesion subsets, Serbian interventional cardiologists have provided significant input.

This year, BASICS plus is accredited by the European Board of Accreditation in Cardiology (EBAC) for 24 credit hours of External CME credits, which is one of the largest amount of CME credits that one scientific event in cardiology is accredited for in Europe, mainly due to our distinguished Faculty and their willingness to share their knowledge and skills.

As in previous years, we continue to follow-up all our patients underwent interventions during Workshops, in clinically integrated approach, which represents one of the key points and features of our meetings. All the patients who had interventional procedures during the last workshop will be presented in this manner having all follow-up noninvasive and invasive data side-by-side in the Proceedings and syllabus of the Workshop. Just to mention that of 19 patients treated during the Workshop 2005, 38 patients from the Workshop 2006 and 41 patients from the last year's Workshop, which brings total of 98 patients, 96 of them are alive and unfortunately two of them died.

One patient died due to target vessel reinfarction (four months after the procedure, probably due to stopping of dual antiplatelet therapy), and the other one from reasons not directly related to the procedure (cerebrovascular insult after CABG surgery due to failed attempt to recanalize a chronically occluded vessel during Workshop).

At this point, I have to emphasize that previous Workshops resulted in many positive trends in Serbian interventional cardiology. There is a permanent increase in the number of interventional procedures and materials used for patient treatment (these facts are presented in the tables in the next few pages), increase in the number of international interventional studies in which our doctors are involved and better inter-regional cooperation. Since the last year, another two cath-labs were opened in Serbia.

As we are convinced that the immediate and long-term success of PCI is strongly dependent on prudent pre- and post- procedure treatment of the patient, we will also organize on the same site but in the separate auditorium Symposium: "Update cardiology 2008" from April 17-19, 2008, to be conducted in the Serbian language, because its purpose is to educate Serbian doctors for proper pre and post- treatment of our patients.

This year, BASICS plus is organized under the patronate of TRH Crown Prince Alexander and Princess Katharine, Tomica Milosavljevic, Minister of Health of the Republic of Serbia and Ana Pesikan, Minister of Science of the Republic of Serbia. We must emphasize the great input and understanding of the School of Medicine, University of Belgrade, their Dean Prof. dr Bogdan Djuricic and the Board of the Dean with Prof. dr Vladimir Bumbasirevic, Prof. dr Predrag Pesko, Prof. dr Nebojsa Lalic, Prof. dr Dragan Micic, Prof. dr Vesna Bosnjak-Petrovic, Prof. dr Tanja Jovanovic and Prof. dr Gordana Teofilovski-Parapid.

It is of the particular importance to note that we had enormous help of the interventional cardiology companies, pharmaceutical industry, Fox television, National television, as well as Telekom Srbija Joint Stock Telecommunications Co. and their Director General Branko Radujko, to render live coverage of the event. We could never succeed in organizing this meetings without generous help of "Publishing House for Text Books" and their CEO Rados Ljusic. We do hope that all of them will continue to offer us such a generous support throughout the workshops to follow.

My special thanks goes to the whole staff of the Institute, especially Catheterization laboratories staff, leadership of the Clinical Center of Serbia, CEO Dr V. Djukic, Director of Supply Office Z. Janjusevic, Director of Central Pharmacy Office Mr.Ph. J. Arandjelovic and last but not least to the skeleton of the Workshop's organization starting with Dr M. Nedeljkovic, Organizational Director, Dr B. Beleslin, Secretary General, as well as to secretaries Dr V.Giga, Dr M. Dobric, Dr Z. Mehmedbegovic and Miss M. Markovic.

Special thanks goes to "Mladost tourist" organization, and their CEO Radomir Podinic, as well as to Mr Slobodan Jankovic and Mr Bosko Buha.

I wish that all our friends, faculty members who devote us their precious time and energy, interventional cardiology companies, pharmaceutical industry, Fox television, National television and all participants in the milieu where the border between faculty and attendants is not any longer visible, join us in our mutual endeavor which will certainly result in another successful workshop.

We believe that our meeting will further promote knowledge of cardiovascular disease and stimulate further investigation. The previous three workshops and everyday practice have also shown that the Serbian Cardiology is ready to be an equal partner in investigational efforts worldwide.

Miodrag Ostojic M.D. Ph.D.

Miodrag Ostojic, M.D., Ph.D., FESC, FACC
Professor of Cardiology/Medicine
Academician of Serbian Academy of Sciences and Arts
Head, Department of Cardiology
Institute for Cardiovascular Diseases
Clinical Center of Serbia
President of the Working group on interventional cardiology,
Cardiology Society of Serbia

COURSE DIRECTORS:

PharmaSwiss, Pfizer, Sanofi-Aventis, Schiller, Siemens, Simplex, Sonosan, ECO Trade

REGISTRATION FEE:

REGISTRATION FEE 300 eur

EUR account: 22 17618 0083 202

RSD account: 275 22 17618 081 106 64

Societe Generale Yugoslav Bank; Bulevar Dr Zorana Djindjica 50a, Belgrade, Serbia

For exhibitors - 16.000 RSD.; For nurses and technicians - 8.000 RSD

Includes:

- Badge
- Congress bag with materials
- Lunch (during afternoon lectures)
- Dinner - Friday, April 18
- Access to all sessions of
 - Update cardiology 2008: What is new on horizon?
 - Clinical seminar on coronary physiology
 - Why and how to write a scientific paper
 - Training course on bifurcations with simulators
 - Training course on CTO with simulators
 - Training course on STEMI with simulators
 - Training Course on multi-vessel disease with simulators
- Access to exhibition

SECRETARIAT ON SITE:

Secretariat and Registration Desk in Workshop Venue will be on duty from April 15-19, 2008

WORKING HOURS:

April 15 2:00 pm - 7:00 pm

April 16 7:30 am - 7:00 pm

April 17 7:30 am - 6:00 pm

April 18 7:30 am - 6:00 pm

April 19 7:30 am - 12:00 pm

COFFEE AND REFRESHMENT:

Coffee and refreshment are organized in the Exhibition area (Workshop Venue).

LUNCH:

Lunch will be served during afternoon lectures for all participants.

TECHNICAL EXHIBITION:

An exhibition of scientific and technical equipments is organized in the Workshop Venue.

CERTIFICATE OF ATTENDANCE:

EBAC certificate of attendance will be given to all registered participants at the Secretariat Desk on April 19, 2008.

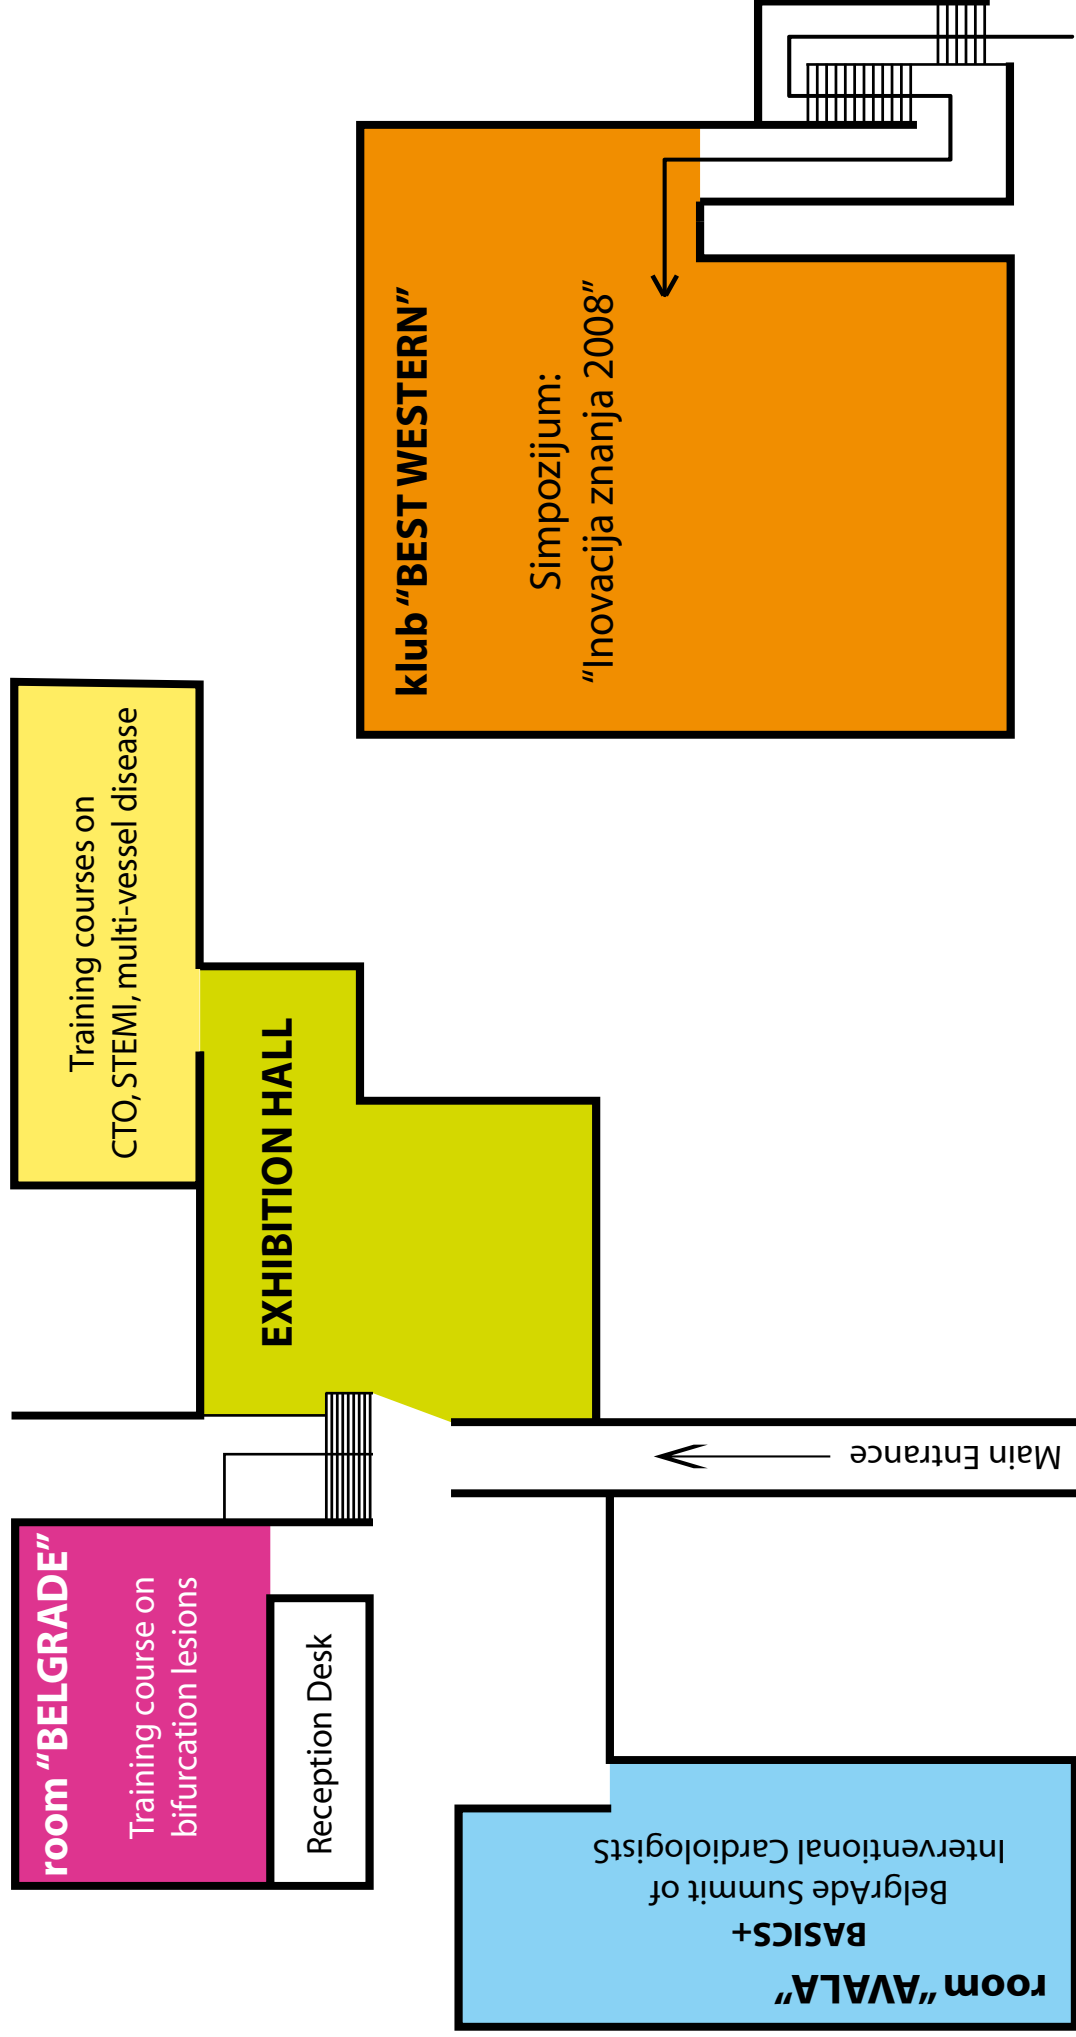

TARGET AUDIENCE:

Interventional Cardiologists, Interventional Radiologists, Cardiologists in CCU, and other medical specialists interested in cardiology and interventional vascular medicine.

CME:

Workshop will be recognized by the Medical Faculty, University of Belgrade as a part of continuous Medical Education (CME).

Best Western Hotel «M», ****

LEVEL -1

GROUND LEVEL

četvrtak, 17. april 2008.	
vreme	odabrana poglavja iz kliničke ehokardiografije
9:00-9:30	Otvaranje simpozijuma <i>In memoriam</i> Prof. dr Natalija Simin
9:30-10:00	Simpozijum „Inovacija znanja 2008“ i kontinuirana medicinska edukacija: praktične implikacije - B. Parapid, M. Dobrić
10:00-11:30	Ishemijska bolest srca: ehokardiografski prediktori komplikacija i prognoze - I. Nedeljković, A. Đorđević - Dikić, M. Ostojić prikazi slučajeva: - M. Boričić, D. Trifunović, M. Petrović, M. Radovanović
11:30-12:00	pauza
12:00-13:00	Naučni seminar: Kako napisati naučni rad - E. Picano, B. Beleslin
13:00-13:30	Simpozijum Merck: Naprasna smrt i rezultati CIBIS III studije - G. Milišinić
13:30-14:00	pauza
14:00-15:00	Simpozijum Sanofi-Aventis: Akutni koronarni sindrom i antitrombotska terapija - M. Ostojić, M. Tomašević
15:00-15:15	pauza
15:15-16:30	Bolesti aorte - B. Vujisić - Tešić, B. Ivanović prikazi slučajeva: - R. Pešić, O. Petrović, I. Nedeljković, M. Petrović
16:30-17:15	EKG i ishemijska miokarda - V. Vukčević, B. Bojović
17:15-17:30	pauza
17:30-18:30	Simpozijum Hemofarm Stada: Erynorm – nove mogućnosti u lečenju hipertenzije - M. Ostojić, B. Obrenović - Kirćanski, N. Dimković
19:30	Simpozijum PharmaSwiss: Fenofibrat – korak napred u terapiji dislipidemija - M. Ostojić, M. Zamaklar, M. Mirić, A. Nešković (prevoz organizovan)

petak, 18. april 2008.	
vreme	odabrana poglavja iz kliničke ehokardiografije i perikardiologije
8:30-10:00	Urođene srčane mane - D. Kalimanovska - Oštrić, A. Arandelović prikazi slučajeva: - T. Potpara, G. Draganić, B. Vujisić - Tešić, O. Petrović
10:00-10:30	pauza
10:30-11:00	Simpozijum GlaxoSmithKline: Prvi selektivni inhibitor faktora Xa u terapiji AKS - M. Ostojić, Z. Vasiljević
11:00-11:30	pauza
11:30-13:00	Valvularne mane i veštačke valvule u svetlu ehokardiografije: kliničke dileme i terapijske implikacije - B. Obrenović - Kirćanski, B. Vujisić - Tešić prikazi slučajeva: - V. Giga, V. Radojković - Radovanović, M. Boričić, B. Ivanović
13:00-14:00	Simpozijum Bayer Schering Pharma: Antitrombotična terapija u perkutanom koronarnim intervencijama - B. Čalić, M. Čolić, M. Ostojić
14:00-15:15	Nove ehokardiografske tehnike u svakodnevnoj kliničkoj praksi - A. Đorđević - Dikić, M. Petrović, D. Trifunović - Zamaklar, B. Vujisić- Tešić prikaz slučajeva: - B. Beleslin
15:15-16:30	Kako uraditi perikardiocentezu? Savremene tehnike, indikacije i komplikacije – prvi deo - P.M. Seferović, A. Lazarević, R. Maksimović, A.D. Ristić, V. Vukčević
16:30-16:45	pauza
16:45-18:00	Kako uraditi perikardiocentezu? Savremene tehnike, indikacije i komplikacije – drugi deo - D. Simeunović, A. Ristić, S. Stolić, P. Đukić, P.M. Seferović
18:00-19:00	Simpozijum Pfizer: Globalni pristup u prevenciji ateroskleroznih vaskularnih bolesti: prošlost, sadašnjost, budućnost - M. Ostojić, Lj. Beslač-Bumbaširević, N. Lalić

subota, 19. april 2008.	
vreme	sportska kardiologija, srčana insuficijencija i endotelna disfunkcija
12:00-13:00	Sportska kardiologija - J. Stepanović, A. Đorđević - Dikić, V. Giga
13:00-14:00	Endotelna disfunkcija, ateroskleroza i srčana insuficijencija - V. Mitrović, M. Ostojić, V. Giga
14:00	Zatvaranje kongresa
14:30	Sastanak Predsedništva Udruženja kardiologa Srbije

SIMPOZIJUM

**INOVACIJA ZNANJA 2008.
Beograd, 17-19. april, 2008. god**

održava se u okviru

**4th BASICS plus
BelgrAde Summit of
Interventional CardiologistS**

Belgrade, April 16-19, 2008

Naucni program

Cetvrtak, 17. april 2008

9:00-9:30 **OTVARANJE SIMPOZIJUMA**

Predsedavajuci: M. Ostojic (Beograd), B. Vujisic– Tešic (Beograd)

In memoriam: Prof. dr Natalija Simin

9:30-10:00 **SIMPOZIJUM „INOVACIJA ZNANJA 2008“ I KONTINUIRANA MEDICINSKA
EDUKACIJA: PRAKTCNE IMPLIKACIJE**

Predsedavajuci: B. Vujisic – Tešic (Beograd)

9:30-09:45 **Obnavljanje lekarske licence i kontinuirana medicinska edukacija**
-B. Parapid (Beograd)

9:45-10:00 **Izvodi iz regulative kojom se odredjuju pravila za obnavljanje licenci**
-M. Dobric (Beograd)

10:00-11:30 **ISHEMIJSKA BOLEST SRCA: EHOKARDIOGRAFSKI PREDIKTORI
KOMPLIKACIJA I PROGNOZE**

Moderatori: Z. Vasiljevic (Beograd), J. Stepanovic (Beograd)

Uvodna predavanja:

10:00-10:15 **Disfunkcija miokarda (ishemija, vijabilnost, ožiljak): najbolji prakticni
metod za detekciju i izbor terapije**
- A. Djordjevic Dikic (Beograd)

10:15-10:30 **Standardizacija ehokardiografskog nalaza kod bolesnika sa akutnim
infarktom miokarda**
- I. Nedeljkovic (Beograd)

Prikazi slucajeva:

10:30-10:45 **Da li je bol sa ST segment elevacijom uvek znak akutnog infarkta
miokarda?**
-M. Boricic (Beograd)

10:45-11:00 **Perikardni izliv i aneurizma leve komore**
-D. Trifunovic (Beograd)

11:00-11:15 **Pseudoaneurizma srca**
-M. Petrovic (Beograd)

11:15-11:30 **Ruptura septuma**
-M. Radovanovic (Beograd)

Cetvrtak, 17. april 2008

12.00-13.00

NAUCNI SEMINAR: KAKO NAPISATI NAUCNI RAD

Predsedavajuci: E. Picano (Pisa, Italy), B. Beleslin (Beograd)

12.00-12.45

Why and how to write a scientific paper

Zašto i kako napisati naučni rad

- E. Picano (Pisa, Italy)

12.45-13.00

Diskusija

13:00-13:30

Simpozijum MERCK

NAPRASNA SMRT I REZULTATI CIBIS III STUDIJE

Rezultati CIBIS III studije: naprasna smrt iz ugla regulacije poremećaja ritma

-G. Milašinovic (Beograd)

14:00-15:00

Simpozijum SANOFI-AVENTIS

AKUTNI KORONARNI SINDROM I ANTITROMBOTSKA TERAPIJA

14:00-14:30

Sprecavanje novih ishemijskih dogadjaja u AKS

-M. Ostojic (Beograd)

14:30-15:00

Antitrombotska terapija u AKS: kada, koliko i koliko dugo

-M. Tomašević (Niš)

Wednesday, April 11, 2007

15:15-16:30

BOLESTI AORTE

Moderatori: B. Vujisic – Tešic (Beograd), J. Perunicic (Beograd), B. Ivanovic (Beograd)

Uvodna predavanja:

15:15-15:30

Akutni aortni sindrom

B. Vujisic – Tešic (Beograd)

15:30-15:45

Kako proceniti aortnu regurgitaciju kod bolesnika sa obolenjem aorte. Šta kažu preporuke?

B. Ivanovic (Beograd)

Prikazi slucajeva:

15:45-15:55

Uvecana desna komora, akutna aortna regurgitacija kod bolesnika sa operisanom disekcijom aorte

-R. Pešic (Beograd)

15:55-16:05

Perzistentna temperatura posle operacije proksimalne disekcije

-O. Petrovic (Beograd)

16:05-16:15

Akutni edem pluca, infarkt i operisana disekcija aorte

-I. Nedeljkovic (Beograd)

16:15-16:25

Akutna bubrežna insuficijencija kao prva manifestacija disekcije aorte

-M. Petrovic (Beograd)

16:25-16:30

Diskusija

16:30-17:15

EKG I ISHEMIJA MIOKARDA

Moderatori: V. Vukcevic (Beograd), B. Bojovic (Beograd)

16:30-16:45

Promena ST segmenta i miokardna ishemija

-V. Vukcevic (Beograd)

16:45-17:00

Korišćenje kompjuterski modelovanih metoda u dijagnostici ishemije miokarda

-B. Bojovic (Beograd)

Diskusija

17:30-18:30	Simpozijum HEMOFARM STADA ERYNORM – NOVE MOGUCNOSTI U LECENJU HIPERTENZIJE KADA POSTOJE KOMPLIKACIJE NA ORGANIMA
17:30-17:45	- M. Ostojic (Beograd)
17:45-18:00	- B. Obrenovic - Kircanski (Beograd)
18:00-18:15	- N. Dimkovic (Beograd)
18:00-18:30	Diskusija
19:30	Simpozijum PHARMASWISS KOLARCEVA ZADUŽBINA - prevoz organizovan - FENOFIBRAT – KORAK NAPRED U TERAPIJI DISLIPIDEMIJA I PREVENCIJI PROCESA ATEROSKLEROZE Moderator: M. Ostojic (Beograd) Trend menjanja faktora rizika u procesu ateroskleroze: novi ciljevi u rešavanju problema - M. Ostojic (Beograd) Terapijske mogucnosti u lecenju dislipidemija: šta još možemo postići u redukciji kardiovaskularnog rizika - M. Zamaklar (Beograd) Fenofibrat – efikasnost, bezbednost, mogucnost kombinovane terapije sa statinima - M. Miric (Beograd) Kada, kome i zašto fenofibrat? - A. N. Neškovic (Beograd) Nakon strucnog dela programa bice organizovan koktel u Etnografskom muzeju

8:30-10:00

URODJENE SRCANE MANE

Moderatori: D. Kalimanovska – Oštric (Beograd), A. Arandjelovic (Beograd),
M. Boricic (Beograd)

Uvodna predavanja:

8:30-8:45

**Mesto ehokardiografije u selekciji bolesnika za perkutano ili hirurško
lečenje urođenih srčanih mana**

-D. Kalimanovska – Oštric (Beograd)

8:45-9:00

Hirurške procedure koje treba da poznaje ehokardiografista – kardiolog

-A. Arandjelovic (Beograd)

Prikazi slucajeva:

9:00-9:10

Hemolizna anemija posle operacije AV kanala

-T. Potpara (Beograd)

9:10-9:20

Koarktacija aorte i koronarna bolest

-G. Draganic (Beograd)

9:20-9:30

Plucna regurgitacija posle operacije tetralogije Fallot

-B. Vujisic – Tešic (Beograd)

9:30-9:40

Pretkomorski defekt i koronarna bolest

-O. Petrovic (Beograd)

9:40-10:00

Diskusija

10:30-11:00

Simpozijum GLAXOSMITHKLINE

**PRVI SELEKTIVNI INHIBITOR FAKTORA Xa U TERAPIJI AKUTNOG
KORONARNOG SINDROMA: MAKSIMALNA ZASTITA OD TROMBOZE,
MINIMALNI RIZIK OD KRVARENJA**

Moderator: M. Ostojic (Beograd)

10:30-10:45

- M. Ostojic (Beograd)

10:45-11:00

-Z. Vasiljevic (Beograd)

11:30-13:00 **VALVULARNE MANE I VEŠTACKE VALVULE U SVETLU EHOKARDIOGRAFIJE: KLINICKE DILEME I TERAPIJSKE IMPLIKACIJE**

Moderatori: B. Vujšić – Tešić (Beograd), B. Obrenović – Kircanski (Beograd), D. Matic – Cvetković (Beograd)

Uvodna predavanja:

11:30-11:45 **Asimptomatska aortna stenoza: Šta kažu preporuke? Da li ih uvek treba slediti?**

-B. Obrenović – Kircanski (Beograd)

11:45-12:00 **Ishemijska mitralna regurgitacija, kada je operativno korigovati?**

-B. Vujšić – Tešić (Beograd)

Prikazi slucajeva:

12:00-12:10 **Da li stres ehokardiografija daje više informacija o ishemijskoj MR?**

-V. Giga (Beograd)

12:10-12:20 **Umerena mitralna regurgitacija zbog ruptуре хорде. Ima li mesta za medikamentnu terapiju?**

-V. Radojković – Radovanović (Beograd)

12:20-12:30 **Infektivni endokarditis neobične lokalizacije**

-M. Borić (Beograd)

12:30-12:40 **Tromboza mehanicke proteze i rezistencija na antagoniste vitamina K**

-B. Ivanović (Beograd)

12:40-13:00 **Diskusija**

13:00-14:00	Simpozijum BAYER SCHERING PHARMA ANTITROMBOCITNA TERAPIJA U PERKUTANIM KORONARNIM INTERVENCIJAMA
13:00-13:20	Nove tendencije i metodologija rada u toku PCI – pracenje efekata lekova na funkciju trombocita aparatom multiplate (Dynabyte - Nemacka) B. Calija, M. Colic (Beograd)
13:20-13:40	Nova revizija preporuka za PCI M. Ostojic (Beograd)
13:40-14:00	Diskusija
14:00-15:15	NOVE EHOKARDIOGRAFSKE TEHNIKE U SVAKODNEVNOJ KLINICKOJ PRAKSI Moderatori: M. Petrovic (Beograd), A. Djordjevic – Dikic (Beograd), B. Belesnin (Beograd)
14:00-14:15	Procena rezerve koronarnog protoka -A. Djordjevic – Dikic (Beograd)
14:15-14:25	Prikaz slucaja -B. Beleslin (Beograd)
14:25-14:40	Izbor bolesnika za resinhronizacionu terapiju: da li je ehokardiografija dovoljna? -M. Petrovic (Beograd)
14:40-14:55	Eho tehnike za monitoring i optimizaciju intrakardijalnih pejsmejкера: koje tehnike predviđaju poboljšanje? -D. Trifunovi – Zamaklar (Beograd)
14:55-15:10	Kako uključiti 3D ehokardiografiju u svakodnevnu klinicku praksu? -B. Vujisic – Tešic (Beograd)
15:10-15:15	Diskusija

- 15:15-16:30 **Simpozijum – interventna perikardiologija
KAKO URADITI PERIKARDIOCENTEZU?
SAVREMENE TEHNIKE, INDIKACIJE I KOMPLIKACIJE – prvi deo**
*Moderatori: P.M. Seferovic (Beograd), R. Maksimovic (Beograd),
A. Lazarevic (Banja Luka)*
- 15:15-15:30 **Istorijat, indikacije i kontraindikacije za drenažu perikardnog izliva**
-P.M. Seferovic (Beograd)
- 15:30-15:45 **Znacaj ehokardiografije u postavljanju indikacija za perikardnu
punkciju i prikaz bolesnika – ehokardiografski vodjena perikardna punkcija**
-A. Lazarevic (Banja Luka)
- 15:45-16:00 **Doprinos kompjuterizovane tomografije i magnetne rezonance srca u
izboru tehnike za drenažu perikardnog izliva i povecanju bezbednosti
procedure**
-R. Maksimovic (Beograd)
- 16:00-16:15 **Perikardiocenteza u sali za kateterizaciju srca – znacaj fluoroskopskog
vodjenja procedure i epikardnog halo fenomena**
-A.D. Ristic (Beograd)
- 16:15-16:30 **Perikardna punkcija kod komplikacija posle perkutanih koronarnih
intervencija i prikaz bolesnika**
-V. Vukcevic (Beograd)

16:45-18:00 **Simpozijum – interventna perikardiologija
KAKO URADITI PERIKARDIOCENTEZU?
SAVREMENE TEHNIKE, INDIKACIJE I KOMPLIKACIJE – drugi deo**

Moderatori: P. Djukic (Beograd), V. Vukcevic (Beograd), S. Srdic (Sremska Kamenica)

16:45-17:15 **Prikazi bolesnika kod kojih je perikardna punkcija uradjena pod fluoroskopskom kontrolom i prenosi iz sale za kateterizaciju Klinike za kardiologiju IKVB KCS (operator A. Ristic)**

-D. Simeunovic, A. Ristic (Beograd)

17:15-17:30

Bolesnici sa povišenim rizikom za perikardnu punkciju (posttraumatski izlivi, prethodno operisani bolesnici, zraceni bolesnici, uremija)

-S. Srdic (Sremska Kamenica)

17:30-17:45

Hirurški pristup za drenažu perikardnog izliva i rešavanje komplikacija perikardne punkcije

-P. Djukic (Beograd)

17:45-18:00

Zakljucak – mere za poboljšanje organizacije zbrinjavanja bolesnika kojima je neophodna hitna perikardiocenteza

-P.M. Seferovic (Beograd)

18:00-19:00 **Simpozijum PFIZER**

GLOBALNI PRISTUP U PREVENCIJI ATEROSKLEROZNIH VASKULARNIH BOLESTI: PROŠLOST, SADAŠNJOST, BUDUCNOST

18:00-18:20 **Savremeni koncepti i praksa u prevenciji ateroskleroze: evolucija naših znanja od nitroglicerina do stentova**

-M. Ostojic (Beograd)

18:20-18:40 **Dokle smo stigli u sprecavanju akutnog moždanog udara**

-Lj. Beslac - Bumbaširevic (Beograd)

18:40-19:00 **Ateroskleroza u dijabetesu: multifaktorijalni pristup u prevenciji**

-N. Lalic (Beograd)

12:00-13:00	SPORTSKA KARDIOLOGIJA	SALA AVALA
	<i>Moderatori: J. Stepanovic (Beograd), M. Deljanin – Ilic (Niška Banja), B. Beleslin (Beograd)</i>	
12:00-12:15	Kardiološki pregled sportista	
	J. Stepanovic (Beograd)	
12:15-12:30	Ehokardiografski pregled sportista	
	A. Djordjevic – Dikic (Beograd)	
12:30-12:45	Prikaz slucaja	
	V. Giga (Beograd)	
12:45-13:00	Diskusija	
13:00-14:00	ENDOTELNA DISFUNKCIJA, ATEROSKLEROZA I SRCANA INSUFICIJENCIJA	
	<i>Moderatori: M. Ostojic (Beograd), V. Mitrovic (Bad Nauheim, Germany)</i>	
13:00-13:20	Kombinacija ACE-inhibitora i AT-1 antagonista u terapiji srcane insuficijencije - sopstvena iskustva	
	-V. Mitrovic (Bad Nauheim, Germany)	
13:20-13:40	Endotelna funkcija nakon ugradnje stenta	
	-M. Ostojic (Beograd)	
13:40-14:00	Neinvazivna procena endotelne funkcije. Klinicki ili akademski znacaj?	
	-V. Giga (Beograd)	
14:00	ZATVARANJE KONGRESA	
14:30	Sastanak Predsedništva Udruženja kardiologa Srbije
